			feedback	review	
9	1st review	ALL	13 Feb	/	/
10	2nd review	ALL	22 Feb	/	/
11	3rd review	ALI	1st Mar	/	/

- ***Everyone*** will be involved in the working of the ***Minor release*** of our application. The workload will be more clear after we all discuss the class diagram during our iteration 2 meeting 1 and have a meeting with the Prof. to get a clear vision on how to stay on target and if possible ahead.
- At the end of each week, we have a review meeting on the overall progress of the week and all the members are responsible for it.
